### Londoner to Speak Here On Monday

How prayer brings true comfort and joy will be the topic of a free public lecture on Christian Science to be delivered in Torrance on Monday by Naomi Price of London, England.

A member of the Christian Science Board of Lectureship, Mrs. Price will speak under the

NAOMI PRICE Speaks Tomorrow

auspices of First Church of Christ, Scientist, in the church edifice, 218th and Manuel Avenue, at 12 noon. Her subject will be "Christian Science: Religion of Comfort and Joy."

Mrs. Price was born in Amersham, Buckinghamshire. A social welfare worker at one time, she was educated in England and Switzerland. She has devoted her full time to the public practice of Christian Science since 1945. She is a frequent contributor to the Christian Science religious periodicals.

Swiss cheese, a large, hard, pressed-curd cheese with a nutlike, sweet flavor, was first made in this country about 1850 by Swiss immigrants.

### New Federal Attorney to Talk in Area

Cecil Poole, clemency secretary to Gov. Edmund G. Brown and newly appointed United States attorney for San Francisco, will address the Democratic Women's Forum of Los Angeles at a luncheon April 21, according to an announcement today by Mrs. Trudy Owens, Forum president.

Topic of Poole's talk will be the narcotics problem in California and the governor's eight-point program for meeting it, the announcement said.

Poole, who was appointed a deputy in the San Francisco district attorney's office when Governor Brown held that post, has had wide experience in dealing with problems of enforcing the laws relating to narcotics, Mrs. Owens' announcement added.

The luncheon will be at the Statler Hilton and ticket information may be obtained through Democratic headquarters, HO 6-2101.

### Survey for Federal Aid Due to Start

Parents of Torrance school children will receive forms this week which will help the district get more than \$200,000 in federal funds under Public Law 87.

The district gets federal money for each child whose parents are employed in federally-connected businesses or industries. Parents are asked to fill in the cards and return them as soon as possible.

Unless Congress renews the law, however, the law will expire on June 30 and Torrance and other districts would not get any more funds. The Kennedy Administration recommended renewal of the law, but under the bill presented, Torrance would get only half as much as it received last year.

Last year, the district received \$233,000 under Public Law 874. The revised proposal would only bring in \$116,000.

### Family Lecture Series to Open Here Thursday

A series of four lectures on "Living Together" by Dr. Arthur L. Bietz will begin on Thursday in the Torrance High School Auditorium. Lectures are from 7:30 to 9:30 p.m., under the auspices of the Torrance PTA Council and Torrance Adult School.

A well-known lecturer, Dr. Bietz, is the author of six books in the field; is listed in "Who's Who in Education," Directory of the American Psychological Assn., and "Who Knows What," published "Who's Who in America." He has lectured in Torrance in two previous series.

Topic of the Thursday lecture will be "Factors in a Happy Marriage." Other topics will include "Motivation in a Happy Marriage," April 13; "Guarding Identity," April 20, and "Word Power and Marriage Success," April 27. Discussions will follow.

Tickets for the series will be available at the door or by calling the Adult School office. There is no charge.

The distinctive types or kinds of natural cheese number about eighteen, and now two types are made by the exact same method.

Established Jan. 1, 1914

## TARTAR TEEN TALK

By Carol Echols

The Prom Week activities began in full swing last Monday with an exciting volleyball game between the faculty and the senior class. The faculty emerged as the victors in this close battle.

Our own Tartar talent was seen in a talent show Tuesday evening in the auditorium. From the variety of singers, dancers, musicians and comics that performed, two acts were chosen as winners. First prize went to the Three Flips and a Flop, a popular vocal group. Second prize was awarded to the Blue Notes, an instrumental group.

THE PENGUINS and Sonny Knight, famous recording artists, performed for Torrance

High on Wednesday and Thursday. The Penguins were heard singing "Earth Angel," "The Ten Commandments of Love," and other favorites. The following day brought Sonny Knight who sang "Confidential," "Dedicated to You," and "So Wonderful."

The Tartar Roundup on Friday evening brought the week's activities to a close. The dance was set in a western atmosphere with jeans, six shooters, and ten gallon hats being the dress.

THE PROM WEEK was an outstanding success due to the hard work of the junior class and its president, Joyce Takayama. The money that was raised will be used for the

## New Speed Zones Listed On Hawthorne

Three changes in speed zones on Hawthorne Blvd. within the city of Torrance were announced this week by J. T. Kassel, district traffic engineer for the State Division of Highways in Los Angeles.

A 45-mph zone is established between 227th St. and 190th St., a 40 mph zone between 190th St. and 182nd St., and a 35 mph zone between 182nd St. to Artesia Blvd.

No change was made in the 35 mph zone between Artesia Blvd. and Rosecrans Ave., Kassel said.

Junior-Senior Prom that will take place in several months. I hope the spring vacation has been enjoyed by all.

## Gas Co. Has 183,978 Customers In Southwest Area, Babbe Says

Figures just released by the Southern California Gas Co. show a total of 183,978 customers being served in the firm's Southwest division headquartered in Inglewood.

According to division manager G. M. Babbe this is a gain of 27,052 customers over last year's total of 156,926.

Babbe explained that some 21,200 meters included in this gain were transferred into the division from the company's Southern division, and that the balance, 5852 new meters, were set during 1960.

Transfer of these meters to Southwest division was brought about by a re-alignment of division boundaries for more efficient operation, Babbe said. The Southwest division re-

port was part of the overall company summary for the year, which showed a gain of 39,836 new meters at the end of 1960.

With the addition of 1960's nearly 40,000 new meters, Babbe said the Southern California Gas Co. now has a total of 1,732,603 active meters to strengthen the utility's position as one of the nation's largest natural gas distributing companies.

### Buy New Home

Mr. and Mrs. H. F. Heinlein and family who have resided at 2208 Gramercy have purchased a new home at 2130 W. 180th Place. They expect to move within the next two weeks.
